

## Why AquaStar's FlowStar® Skimmer is a better value than other skimmers on the market

- 1 Large self-contained basket with lock-in feature (will not float)
- 2 Pre-installed o-ring for float assembly
- 3 Available in eight colors, plus two different colors to match deck and pool finish (lid and frame one color, body and weir plate another color)
- 4 Weir plate with easy, replaceable snap in and out locks
- 5 Underwater dampers on face plate for noise reduction on weir plate – especially on windy days
- 6 Super-strong engineered polymer upper housing
- 7 Extra-heavy-duty white PVC lower unit (does not require transitional glue)
- 8 2½" outside slip and 2" inside slip (outside skimmer)
- 9 2" threads for pressure testing (inside skimmer)
- 10 Built-in overflow or fill line knock-out
- 11 Upper housing has pre-cut rebar cutouts with pre-drilled holes for tie wire
- 12 Additional box inside skimmer box for basket, float assembly and weir plate (so assembly does not get lost on job site)
- 13 Optional custom name/logo on lid (requires minimum 100-piece lid order)
- 14 Includes snap-in lug under lid for easy storage of optional vacuum plate
